| <p>1 Thanks be to God, who made our world,
Inspired it with His breath,
Created us, and cares for each
Through birth and life and death.</p> <p>2 Thanks be to God, who feeds His world,
Enough for all to share,
But asks us all to realise
This task - the call to care.</p> <p>3 Thanks be to God, who through His Son
Shows us the path to tread,
And by His Spirit leads us on,
Feeds us His holy bread.</p> | <p>4 Thanks be to God, who hears us when
We come to him in prayer,
And answers us, if we would hear
The still, small voice that's there.</p> <p>5 Thanks be to God, who by His grace
Forgives us when we sin,
And calls us all to do the same,
To heal the hurts within.</p> <p>6 Thanks be to God, our Lord, our friend,
Our constant one in three
Who tends our wounds and calms our fears
And longs to set us free.</p> |
